CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

Magistrate's Court Opens In Glades On Next Monday

Next Monday, July 3, will mark another progressive step in the history of Western Palm Beach County when the recently created Magistrate's Court will open at the Glades Office Building at 9 o'clock. A special ceremony is being arranged for the inception of the court and the public is invited to attend, according to County Commissioner Paul Rardin, who will act as Master of Ceremonies for the occasion.

James L. Tyson, Jr., of Pahokee will be sworn in as Judge of the court by Criminal Court of Record Judge Hugh MacMillan of West Palm Beach. Mr. Tyson was recently appointed by Governor Bryant after all of the practicing attorneys in the Glades recommended his appointment unanimously to the Governor.

Criminal Court Judge Russell McIntosh, who helped write the law creating the court, will participate in the ceremony. Mr. Rardin has invited all county commissioners to attend the special ceremony.

John Dunkle, clerk of the criminal court of record, will be present for the special ceremony and in the future will be represented by Mrs. Doris Spooner who will act as his deputy and the new Judge's secretary. She will accept fines and bonds.

The new court will try all traffic cases with the exception of drunken driving where there is an accident and injuries. Small misdemeanor cases, drunkenness with fine limits of \$2,000 or 90 days will be tried in his court, Judge Tyson said. In some cases the judge will act as a committing Magistrate and send cases to higher courts in West Palm Beach.

Allan Brackett, president of the Palm Beach County Bar Association will be present as will other members of the Association. State Representatives Emmett S. Roberts and Jerry Thomas, who along with State Senator Ralph Blank passed the law that created the court, will be present and share in the inauguration of the court.

Attorneys E. F. Allen, Claude Jones and Robert E. Mathews of Belle Glade, Attorneys Thadde Whidden and Ralph O. Johnson of Pahokee were named a special committee by Bar President Brackett to plan the ceremony for next Monday.

The committee has sent invitations to all city and county officials of the Glades area and are using the press to extend a cordial invitation to all citizens to be in attendance to see Judge Tyson sworn into office in the only Magistrate's Court of its kind in the State of Florida.

OES MEETING

The Pahokee Chapter 184 of the O. E. S. met Thursday night with Mrs. Etta Mae Friend in charge of the program. Plans were completed for the Worthey Grand Matron's visit August 16. It was voted to accept the Belle Glade Chapter to be their guests of the Robert Morris supper which will be held in Belle Glade August 30.

Pahokee Lions Hear Water Problems

At the Pahokee Lions Club meeting Tuesday Carmen Salvatore introduced the guest speaker, Bill Jenkins of the West Palm Beach Office of the Flood Control District. Mr. Jenkins spoke on drainage of particular interest to the Glades area and gave water levels and many other points of interest. He told them that approximately 25 percent of the over-all district drainage plans are complete.

The next meeting will fall, on July fourth and will be a joint meeting with Canal Point Lions Club and will be held on the Lake front.

People's Voice To Guide Liquor Hrs.

The Palm Beach County Commission this week, honoring a request from two of three Glades communities involved, agreed to delay action until July 10 on a proposed change in hours of operation for liquor establishments west of Twenty Mile Bend.

The commission has had under consideration, a petition from a night club operator near Belle Glade, to change hours of operation to conform with hours in Pahokee and South Bay.

The commission had planned to make a decision this week, but decided to delay action after city officials from Pahokee and Belle Glade asked that action be stayed until results of referendum elections to be held in the two cities, could be considered with the question.

The county board voted to invite South Bay officials to stage an election in order to sample public opinion in that area. South Bay advised the county it favored a county-wide referendum instead of a local vote on the question of liquor store hours.

Commissioner Paul Rardin, Canal Point, presented a number of letters from Glades town and individuals asking the commission to hold up action until referendums or straw votes could be held.

The board supported Rardin's motion to defer action until July 10—the next regular meeting of the board.

HOME FROM TEXAS

Mrs. Duke Tucker returned Monday to her home in Canal Point from a five weeks visit with her daughter, Dr. Dorothy Tucker in Huntsville, Texas. During her visit they went on a two weeks scenic tour of the South Western States. They stopped first in Albuquerque, New Mexico, and in Arizona they saw the Petrified Forest in the Painted Deserts and the Grand Canyon, also visited Las Vegas, Nevada and the Zion National Park in Utah.

Fireworks, Bar-B-Q In Pahokee July 4

Next Tuesday, July 4, will be a big day for Pahokee and lovers of pyrotechnics will be happy and satisfied along about sundown when the annual Fourth of July display of fireworks is loosed over Lake Okeechobee.

Starting about 2 p. m. in the afternoon the Pahokee and Canal Point Lions club will sponsor a great Chicken Barbecue which will be served at the Boy Scout Park on the dike. Those in charge of the affair are a little disappointed with ticket sales so far but are living in hopes that business will pick up on the Fourth. The delicious Chicken Barbecue dinner will cost \$1.50 and Lions will deliver it if you don't want to go after it, so said one of the Lions officials.

In making the announcement that the special barbecue dinners will be delivered, Lion A. B. Mathis said that special cars will be available to deliver the dinners in Pahokee and Canal Point and as far away as Belle Glade if necessary.

The Lions group is making an effort to earn some cash to carry on the sight conservation program. They leave no stone unturned to take advantage of every opportunity to earn extra cash for their welfare work. So, when you buy a Barbecue dinner on the Fourth, not only will you get a dandy helping, you will be assisting in a worthy cause promoted by the Lions.

Seat Belt Will Pay Turnpike Toll July 4

TALLAHASSEE — People who ride under their seat belts and not on top of them will get to ride the Sunshine State Parkway free over the long July 4th holiday.

Turnpike Authority Chairman John M. Hammer said today that all persons who enter the turnpike at any of the 12 toll plazas will ride the trip without charge if they have their seat belts properly fastened. Hammer told Florida Highway Patrol Comdr. H. N. Kirkman that the gimmick is in an effort to "additionally protect" the lives of an estimated 70,000 motorists who will use the 110 mile long pike between 6 p. m., June 30 and July 4th midnight.

All Florida Highway Patrol cars and vehicles owned by the turnpike authority are equipped with seat belts.

Authority Chairman Hammer said that 21 lives have been lost in traffic since the turnpike began operations in January 1957, and estimated that 12 of those might not have died had they been wearing seat belts.

Twelve of those fatally hurt out of the total 21 were thrown clear of the wreckage, according to records of the Florida Highway Patrol turnpike Troop K, the outfit which patrols the 4-lane highway from Ft. Pierce to Miami.

Mr. and Mrs. A. B. Tucker of Bryant accompanied by her sister-in-law, Mrs. Kamie Gandy and daughter Pat of Canal Point left Saturday for a two weeks visit with relatives in Red Level, Alabama.

Pahokee Will Vote July 7 On Whiskey Selling Hours

Youth Center Will Be Open This Summer

Pahokee Youth Center will be open through the summer months from 4 to 9:30 p. m., daily, except Wednesdays and Sundays, according to Robert Fisher, chairman of the board of directors.

Bill Martin has been hired as recreational director and will be in charge of activities at the center. He replaces James Threlkeld, who recently resigned and is now enrolled as a graduate student at the University of Mississippi, Oxford, Miss., where he is working on a master's degree. Martin is being assisted in supervising the activities at the Youth Center by his wife.

Robert Lampi New Rotary President

Robert O. Lampi became president of the Pahokee Rotary club at yesterday's regular meeting when he succeeded W. K. "Hank" Aldridge as head of Pahokee's oldest civic club. Past President Paul Rardin, a 25-year member of the club, was in charge of the installation ceremony and installed President Lampi along with other officers who will serve from July 1 until June 30, 1962.

President Lampi has been band director of Pahokee High School for more than 20 years, coming here from New Port Richey. He became a member of the Rotary club in 1950.

Installed in office for the coming year also were Dr. E. C. Johnson, vice president, Chester A. Bachelier, secretary and William S. Plumer, treasurer.

Four Directors were also installed by Mr. Rardin. They were as follows: Director A. Club Service—R. M. (Mike) Sanders; Director B. Vocational Service—Wiley Tillis; Director C. Community Service—Luke Dufresne; Director D. International Service—Joe Thompson.

On the 25 important sub-committees President Lampi named members of the club who will help him to make the coming Rotary year a successful one.

Carruthers Named To Adjustment Board

Claude L. (Leland) Shirley, Jr., recently presented his resignation to the Board of County Commissioners as a member of the Zoning Board of Adjustments. Mr. Shirley served faithfully and well for nearly two years in a job that pays no salary—or practically no salary—\$100 a year.

On recommendation of County Commissioner Paul Rardin from the Glades area, Raymond H. Carruthers of Belle Glade was named to the board to replace Mr. Shirley. Mr. Carruthers holds a regular job with the Vacuum Precooling Corporation of Belle Glade.

A special straw vote will be held in Pahokee on Friday, July 7, to ascertain the opinion of qualified voters of Pahokee about whiskey selling hours. The election will be held at City Hall and the special ballot will have printed on it three propositions.

Proposition No. One: "Are you in favor of the hours now in effect in the Eastern Half (Coast) of Palm Beach County which are: Weekdays from 7 a. m. until 2 a. m. and Sunday from 2 p. m. until 2 a. m."

Proposition No. Two: Are you in favor of the 1952 agreement as drawn up for the cities of Belle Glade, South Bay and Pahokee establishing the hours in the western half of Palm Beach county as follows: Monday through Friday 8 a. m. to 12 midnight, Saturday 8 a. m. to 1 a. m. Sunday. Closed on Sunday from 1 a. m. on.

Proposition No. Three: Are you in favor of the present hours in the City of Pahokee which are: Monday through Saturday 6:30 a. m. until 3 a. m. and closed on Sundays from 3 a. m. on.

Because this straw vote will not be an official referendum of the City, the registration books will not be closed at any time during this period. Only those persons who are qualified voters of the City of Pahokee, or those who may wish to register (up until 5:00 O'clock P. M. Thursday, July 6th, 1961) may participate in this straw vote.

C P Lions Entertain Their Ladies

The Canal Point Lions were hosts to their Ladies and installed their officers for the 1961-1962 year. J. G. Weeks introduced the guest speaker and installing officer Manning Keen, of the Pahokee Lions Club.

Lion Keene inducted J. G. Weeks as the new president. Others installed were H. H. Sears, First Vice President; D. L. Hooks, Second Vice President; Grady Boynton, Third Vice President; Alton Jones, Secretary; O. H. Sheppard, Treasurer; Jimmy Repper, Lion Tamer; Mel Paul, Tail Twister; James Gibson, Floyd Erickson and Gaudin Harrington were installed as Directors.

Maurice Officer Is Former Resident

Marine Warrant Officer Robert C. Baker, son of Mr. and Mrs. W. A. Baker, Canal Point, is one of 162-enlisted Marines to join the rank of officers as a result of his recent graduation from the Warrant Officers Basic School at the Marine Corps Schools, Quantico, Va.

The Bakers recently visited in Canal Point where Mr. Baker's parents have made their home for many years. Mr. Baker is the daughter of Dr. and Mrs. Charles Creel, former Pahokee physician now living in CLOPTON, Ala.

Here Is What Transpired At Monday's Meeting Of The Palm Beach County Commission

The County commission this week: Received requests from the Town of Lantana for county aid in establishing a railroad crossing on Hypoluxo Road and replacement of a municipal boat ramp.

Decided to ask the Federal Aviation Agency to turn over seven buildings located south of South Boulevard which are part of the Palm Beach International Airport installation.

Adopted a resolution of sympathy in the recent death of Dr. Oliver Jones who served for a number of years as county physician. Turned down a request that the commission pay a bill for \$156 to the Sea Breeze Hotel for Martin Dardis, investigator from the State Attorney General's office who is in the county aiding in a probe of gambling and moonshine activities.

A county commission policy calling for construction of sidewalks in all subdivision after July 1, brought protest this week from the Joint Cooperative Council.

The commission some time ago, set the July 1st deadline, saying no subdivision plats would be approved after that date if sidewalks were not included in the development plans.

Headed by B. A. Rowland, council president, a delegation of engineers, builders, architects and other arms of the building trade, formally registered a protest with the commission this week. Rowland said the ruling would up the cost of houses and would work a hardship on builders and developers.

Family Dinner At Ansil Holt Home

Mr. and Mrs. A. T. Holt entertained with a family dinner Sunday at their home in Canal Point. Those honored were her sisters and their families, Mr. and Mrs. Leonard Yarbrough and children Lori Nelle and Wayne of Miami (Mrs. Yarbrough was before her marriage Miss Helen Stokes). Mr. and Mrs. Danny Mullis and son Danny of Cocoa. Mr. and Mrs. Julian Branch and sons, Frank and Don of Pahokee and their parents, Mr. and Mrs. R. S. Stokes of Canal Point.

The Yarbrough Family are moving to Charlotte, N. C., early next month. Mr. and Mrs. Julian Branch and family left early this week for Hendersonville, N. C., where he is engaged in the vegetable deals, their sons are attending Ridgecrest Boys Camp. Mr. and Mrs. Danny Mullis and son have recently moved to Cocoa Beach.

Mrs. W. S. Cross returned home Monday from Everglades Memorial Hospital after being a patient there the past weekend.

Missionary Union In Monday Meeting

The Womans Missionary Union of the Canal Point Baptist Church met Monday evening in the church for the regular monthly meeting. Mrs. F. F. Murr presented a program on "Our Task Has Just Begun". She was assisted by Mrs. S. A. Nail and Mrs. J. S. Atkins. Mrs. W. S. Evans closed the program with a prayer.

"What Will I Be?"

Boyhood is the atomic age of man. Perpetual motion powered by the explosive energy of youth.

Yet there are times when every boy must be alone, for only in solitude can he shape and size his dreams to a man's dimensions. What will he be when he grows up?

Today's business management, alert and sensitive to its public responsibilities, helps answer this vital question by creating jobs and opportunities to fit constructive boyhood dreams of any size and shape.

...Growing with the Future

Here's what the new $3\frac{3}{4}\%$ interest rate
on U.S. Savings Bonds means to you:

$\$3 = \4 fourteen months faster than before

*The Bonds you own are better
than ever, too*

The new $3\frac{3}{4}\%$ rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{4}\%$ from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

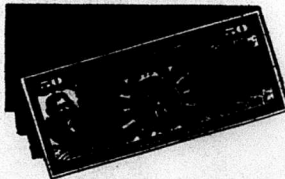

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

You save more than money
with U.S. Savings Bonds

Mrs. Adaline Stuckey of Pahokee returned home Sunday after a week's vacation in West Palm Beach.

Mrs. Arch Blakey has gone to Arapahoe, Okla., where she will be the guest of her mother, Mrs. Nellie Naylor, and other relatives for one month.

Patrol Predicts 15 To Die July 4th

TALLAHASSEE—The Florida Highway Patrol predicts traffic will take a life every seven hours during the July 4th holiday.

At that rate, 15 persons will die in traffic over the unusually long holiday period which will run for 102 hours from 6 p. m. Friday, June 30 through midnight, Tuesday, July 4th.

The patrol prediction is based on fatality figures averaged from three July 4th holiday week-ends 1958 through 1960.

"This is an advance appeal from the Florida Highway Patrol for you to slow down and live and let live," said FTIP Comdr. H. N. Kirkman. "If every driver will make a real effort to obey all traffic regulations and to be considerate of other drivers, these lives can be saved."

"We will have every available trooper on duty during the Independence Day holiday, but we can't be in all places at once. You will have to serve as your own traffic safety officer in many cases by being a good and careful driver."

"This is the state's first big fling at the summer season, and we expect all major highways to be loaded with traffic throughout the period, so please obey the laws that were made for your protection," Kirkman pleaded.

Here is how the grim reaper's score board looked after each July 4th weekend for the previous three years:

1958, 78 hours and 13 dead. 1959, 54 hours and 11 dead. 1960, 78 and six fatalities. Total hours 210; number killed 30.

TO VISIT IN KANSAS

Mr. and Mrs. George Ramey of Pahokee left Saturday on a month's vacation to visit his mother, Mrs. Mattie Ramey of Spring Hill, Kansas. Enroute they visited their son-in-law, H. G. Miller III in Rockledge; also spent several days in Gainesville with their son, David Ramey and their daughter, Mrs. H. G. Miller III. Both are attending summer school at the University of Florida.

Mr. and Mrs. James Weeks and family spent Sunday in Orlando visiting Mrs. Jack Dalton, sister of Mrs. Weeks.

GUESTS AT WEDDING

Out of town guests here for the Anderson-Echols wedding last week, were Mrs. Harlow Sims of Tampa, Mr. and Mrs. James T. Echols and son Russ of Melbourne, Mr. and Mrs. Thomas Hale of Miami, Mr. and Mrs. William Gardner of Royal Palm Village, Mr. and Mrs. D. H. Commack, and daughter, Mrs. Sallie Davis of Ft. Myers, Mr. and Mrs. Ralph Echols and son Larry, Mr. and Mrs. Leroy Echols and daughter Eunice, Mr. and Mrs. James Nebus, Mr. and Mrs. Wilbur Starter, Mr. and Mrs. I. D. Cadenhead and daughters Betty Jo and Judy all of Naples.

Just say the word . . .
and suddenly you're saving*

JOIN THE PAYROLL SAVINGS PLAN WHERE YOU WORK

It takes only seven little words to start you on a program of automatic saving. . . "Put me on the Payroll Savings Plan!" What's more, you don't have to go far to say them. Just say them to your employer. He'll do all the work; set aside the amount you choose from your check and deliver your Bonds when you've accumulated enough for a purchase.

The Bonds you buy now pay 3 1/2% interest to maturity—and keep earning for 10 years after maturity.

So, say the word. Sign up now to buy Bonds regularly where you work through the Payroll Savings Plan.

You save more than money with

U.S. Savings Bonds

Miss Shirley Anderson Weds Wilbur Echols

At 3:30 O'Clock on Sunday afternoon, June 25th Miss Shirley Anderson became the bride of Charles Wilbur Echols in a double ring ceremony performed in the Missionary Baptist Church of Canal Point. The bride is the daughter of Mr. and Mrs. W. L. Anderson of Canal Point, the bridegroom is the son of Mr. and Mrs. L. D. Echols of Canal Point.

The nuptial music and traditional wedding march were rendered by Miss Betty Johnson, Pianist, and accompanied herself as vocalist in singing "Whither Thou Goest" also "Oh Promise Me."

The Rev. Charles D. Stewart, pastor of the church officiated at the ceremony before the altar decorated with ivy entwined palms, baskets of white Gladioli and lighted tapers in branched candelabra.

The bride, given in marriage by her father, wore a floor-length gown of white silk Organza over taffeta. The moulded bodice featured a scalloped neckline and short scalloped sleeves accented by a satin bow in the front and back attached to a bouffant skirt caught in the back to form a bustle. Her finger-tipped veil of Allusion was held in place by tiara of seed pearls and she carried a bridal bouquet of white carnations sprinkled with ivy and centered by a white Orchid.

Miss Betty Echols, sister of the bridegroom, was her Maid of Honor. She wore an orchid Ballerina-length dress of Chiffon over Taffeta featuring fitted lace bodice attached to a full skirt. Her headpiece was a creation of matching net and carried a cascade nosegay of Pink Carnations.

Ted Echols, of Melbourne, brother of the bridegroom, acted as best man. Ushers were Renzo Echols, younger brother of the bridegroom and Larry Echols, Cousin, of Naples.

A reception followed in the new home of the bridegroom's parents, Mr. and Mrs. L. D. Echols and they were assisted by the bride's parents, Mr. and Mrs. W. L. Anderson.

Tail Standards of white Gladioli were used at vantage points in the new home. The bride's table was overlaid with a cutwork white linen cloth, centered with three tiered wedding cake pillowed on sprigs of fern and pink crepe myrtle. Pink punch was served from crystal bowl encircled in fern and pink crepe myrtle blossoms, silver candelabra holding pink tapers lighted the room. Miss Linda Motes and Miss Sue Caldwell of Belle Glade assisted Mrs. James Nebus, cousin of the groom, of Naples, and Mrs. Harlow Sims, Aunt of the bride, of Tampa, in serving refreshments. Miss Judy Cadenhead, of Naples, cousin of the groom had charge of the bride's book.

Mr. Echols graduated from Pahokee High School in 1950, served four years in the Navy attended the University of Florida and at present is owner and operator of Echols Electric and Plumbing Co. in Belle Glade.

For their wedding trip to Penna. Mrs. Echols, changed into blue polished cotton sheath dress with white accessories and wore the orchid from her wedding bouquet. The newlyweds are building a new home in Belle Glade but until it is completed they will be at home with his parents in Canal Point.

Mrs. Anderson chose for her daughter's wedding a two piece blue rayon shantung with white accessories and white orchid corsage.

Mrs. Echols wore a Wedgewood blue chiffon street length dress, white accessories and white Orchid corsage.

Mr. and Mrs. Frank O'Connell returned Monday to their home in Canal Point from a weekend visit with their son-in-law and daughter, Mr. and Mrs. Frank Sganga and family in New Smyrna Beach.

Mr. and Mrs. R. L. Hawk, Sr., of Canal Point, had as their Sunday guests, her brother and his family, Mr. and Mrs. L. W. (Bo) Knight, son Charles, also son-in-law and daughter, Mr. and Mrs. Gene Wehage and baby, all of Jupiter.

Senators Seek Cash For Public Works

WASHINGTON—Senators Holland and Smathers have appealed to the senate public works appropriation sub-committee for about \$21 million in public works projects in Florida.

Among the projects endorsed by Holland and Smathers were navigation surveys for Cedar Keys, Sebastian Inlet, Jupiter Inlet, Ecnlockatchee River, Caloosa, hatchee River and Middle River Canal.

Flood control surveys were asked for the South New River Canal and Middle River Canal. They asked the committee to approve a \$1.5 million increase in the \$13 million recommended by President Kennedy for the Central and South Florida Flood Control District.

They also requested \$195,000 to start planning on the proposed Florida cross-state barge canal and additional funds for intracoastal waterway development on both the Atlantic and Gulf coasts.

Naval Air Reserve Stationed In Jax

JACKSONVILLE—The State of Florida has a large number of recruiting stations, reserve training centers, and other military activities but has only one of the 18 Naval Air Reserve Training Units located throughout the nation. The one Naval Air Reserve Training Unit in the state of Florida is located at the Naval Air Station, Jacksonville. It presently consists of 17 "Weekend Warrior" squadrons made up of 1400 "Floridian" Naval Air Reservists. These Naval Air Reservists come from towns and cities throughout the state of Florida and represent many different walks of life ranging from students, business men, school teachers, etc.

Reservists train and fly at Jacksonville one weekend a month. Once each year the Reserve Squadron makes an intensive two-week active duty training cruise at bases throughout the Nation and overseas.

Each week airlifts fly in hundreds of Air Reservists from Miami and Tampa for training at Jacksonville. Many drive their autos from other outlying areas.

The Florida Weekend Warrior Squadrons presently have a drive

on to fill many vacant pilot and ground pay billets.

The Florida Naval Air Reserve Squadrons continue to have a need for qualified naval aviators.

Florida's Naval Air Reserve Training Unit at Jacksonville with its Weekend Warriors is a prime example of our tax dollar well spent. Their weekend training expands less than one cent of the defense dollar. Yet, during the Korean conflict, reservists recalled to active duty from Jacksonville and other reserve stations accounted for one-third of all the air strikes against the Communists.

Welcome Station Bids Are Received

TALLAHASSEE—A Tallahassee construction company today was apparent low bidder with \$36,205 on a new Florida Development Commission drive-in style Welcome Station to go up north of Havana on U. S. 27.

The lowest of seven bids came from J. O. Carille of Tallahassee, owner of J. O. Carille General Contractors. Carille said he is ready to begin construction immediately. The station is to open about October 1.

The streamlined structure is to be a "prototype" welcome station, according to Wendell Jarrard, chairman-director of the Commission which will operate it.

"It will be very functional, yet architecturally attractive," Jarrard said. "It is cheaper to build and will be a more efficient operation altogether than the old style station." A total of \$38,000 had been appropriated for the project.

The Havana station will be situated in a pecan grove whose natural beauty will be preserved. The building, a low-slung structure of Bradenton stone, blue and yellow aluminum and glass, will contain restrooms, facilities for serving free orange juice and a room for promotion literature.

The booths, to be constructed of aluminum, will be named by Welcome Station personnel who will provide readily available information for visitors who don't wish to leave their automobiles.

Jarrard said a number of highway signs will be erected along the road to the north of the station to invite visitors to stop for information about Florida and free orange juice.

Hub Spooner Cited For Sales Increase

Hub Spooner, vice president of Pahokee Motor Company, Pahokee, today received a personal congratulatory letter from Lee A. Iacocca, vice president of Ford Motor Company and Ford Division general manager, commending Mr. Spooner and his employees for their part in setting a 36 year Ford sales record.

Ford car and truck sales during May were higher than any other May since 1925—the heyday of the Model "T".

In his letter to Mr. Spooner, Mr. Iacocca said, "I would like to take this opportunity to extend my personal congratulations to you and your employees for helping to make last month the best May Ford sales month in 36 years."

"Not since the record May of 1925 have Ford dealers sold as many new cars and trucks during any May sales period as in the month just past. We think this is a major accomplishment, one that reflects the strength of the country's economy and of the automobile business in particular."

In closing, Mr. Iacocca stated, "We think the consistent Ford sales gains since the first of the year, which you and your fellow dealers made possible, have helped to encourage this consumer confidence, which has led the country out of a business recession."

During May, Pahokee Motor Company sold 21 cars and trucks, an increase of 43 per cent over April and 20 per cent greater than May of last year. It was the dealership's highest monthly sales during 1961.

Scientists Can Modify Weather To Aid Growers

GAINESVILLE — The old saying that nobody does anything about the weather is not quite true anymore, according to a University of Florida agronomist.

Dr. V. N. Schroder, with the Agricultural Experiment Stations, says researchers are trying by physical, chemical and biological means to do something about the effect of light on plant growth.

He adds that without light there is no vegetation and that without vegetation this would be an entirely different world. Manufacture of

food by plants, a process known as photosynthesis, is dependent on light as a source of energy.

Dr. Schroder says light intensity is an obvious factor in controlling plant growth. Sometimes light intensity is intentionally changed to alter growth.

An example is the growing of shade tobacco. The reduced light caused by the cloth covering results in a plant with larger and thinner leaves of a higher quality than if the same plant were grown in full sunlight.

Of course, moisture and temperature conditions are also affected by the shading treatment, but light is the controlling factor in producing the large, thin, high quality leaves.

Light intensity can be controlled or modified in other ways also, such as selection of plant sites on the north side of a house or under a tree.

According to the agronomist, one of the more dramatic aspects of light is the effect of the photoperiod. This simply refers to the length or duration of the daily light period.

But what can be done about light since we are not able to control the sun? First, says Dr. Schroder, we can select plant varieties that are adapted to our light conditions.

LEGAL NOTICE
THIS IS PUBLIC NOTICE that the City of Pahokee Water Works, a Municipal Corporation, will receive bids for the furnishing of labor and materials for the construction of a new roof for the City Water Works Treatment Plant located at 180 North Lake Avenue.

Specifications may be obtained at the office of the City Clerk. All bids must be sealed in an envelope and clearly marked on the outside "Water Treatment Plant Roofing Bid". Bids must be sealed in an second envelope for mailing purposes.

All bids must be received by the City Clerk not later than 3:00 O'Clock P. M. Monday, July 10th, 1961. At which time the bidding will close.

The City reserves the right to accept or reject any or all bids.

ANOTHER BIG REASON BEHIND THE BIG BOOM IN FORD SALES:

Galaxie styling is inspiring more admiration (and imitation) than any other car on the road!

This is Galaxie styling—inspired by the fabulous Thunderbird!

Many cars have tried to copy the incomparably beautiful 1961 Galaxie. No car has succeeded.

And styling is only part of Galaxie's distinction. This is the car that's beautifully built to take care of itself. The '61 Ford goes 30,000 miles between chassis lubrications . . . 4,000 miles between oil changes. Brakes adjust automatically.

Wouldn't it make sense to STOP spending money on an old car that can never do for you what a new Ford can do?

SWAP right now while your Ford Dealer's sales are booming—and the swapping is easier than it's ever been before.

SAVE with the car that makes saving a pleasure.

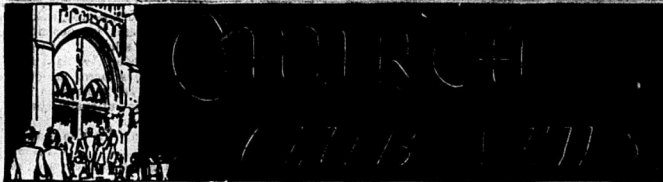

Today is the day to STOP...SWAP...SAVE

Christian Science Group Of Canal Point

How obedience to the law of God opens the way to freedom will be explained Sunday at Christian Science church services.

Among Scriptural passages to be read in the Lesson-Sermon entitled "God" is one from Psalm 119: "Teach me, O Lord, the way of thy statutes; and I shall keep it unto the end . . . And I will walk at liberty: for I seek thy precepts."

Man's right to freedom is also brought out in selections from "Science and Health with Key to the Scriptures" by Mary Baker Eddy which will include: "Discerning the rights of man, we cannot fail to foresee the doom of all oppression. Slavery is not the legitimate state of man" (p. 227).

VISIT ALABAMA

Mr. and Mrs. O. H. Sheppard and daughter, Hazel, of Canal Point returned home Saturday from a two weeks visit with relatives in Tallahassee and Louisville, Kentucky. They also were guests of their mothers; Mrs. Kate Hudson and Mrs. Inez Sheppard in Roanoke, Ala.

Luncheon In Honor Mrs. Wallace Pope

Mrs. J. G. Thomas, Jr., and Mrs. R. S. Douthitt were recent hostesses at a luncheon in honor of Mrs. Wallace Pope of Baton Rouge, La., given at the Grassy Waters Motel. Those present were: Mrs. Otto Blesch, Mrs. W. M. Dubose, Mrs. H. M. McIntosh, Mrs. A. D. Beverly, Mrs. L. L. Shirley, Mrs. J. M. Elliott, Mrs. Marshal Lair, Mrs. Paul Rardin and Mrs. E. H. Wals-ton.

Mr. and Mrs. J. G. Weeks of Canal Point had as their weekend guests, her brother, Roy Barnes of Lake Worth, also Mr. and Mrs. Robert Weeks and family, and Mr. and Mrs. Joe Calhoun and daughter, Miss Frances Ruth Calhoun all of Miami.

Miss Willie Carson Adams, daughter of Mr. and Mrs. W. J. Adams of Pahokee, returned home Monday from Alexandria, Va., following a ten months visit with her brother and sister-in-law, Mr. and Mrs. Don Adams, while there she attended the local high school.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{2}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{2}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $1\frac{1}{2}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH

U. S. SAVINGS BONDS

PAUL RARDIN, Publisher

Sugar Cane Production Is Important Industry In State

By L. A. REUSS
Agriculture Economist

Cane sugar production is an important industry in Florida. The value of sugar produced and processed in the state exceeded \$20 million in 1960-61. More than 50,000 acres were used to produce sugar cane for extraction of raw sugar represents an investment of perhaps \$10 million. Employment in the fields and the mills provides permanent and seasonal payrolls of importance to the economy of the state and the local producing areas.

Florida sugar cane growers and processors have operated under an economic, political and institutional framework that has included an International Sugar Agreement, the United States sugar program, and many preferential trade arrangements between and within blocs of sugar producing countries. The latter, however, have little or no effect on the Florida sugar industry.

The International Sugar Agreement has had as its primary objective the stabilization of world-wide sugar prices through use of production controls and export quotas. The United States sugar program has sought among other things to protect and enhance the incomes of domestic sugar producers and to regulate sugar imports in accordance with the national interest.

Domestic producers have been substantially insulated from changes in world sugar prices. Recently dramatic political and economic changes outside the United

States have curtailed our dependable sources of large quantities of relatively low-priced sugar.

Sugar is a world commodity and is grown in many countries. Florida, along with Louisiana, produces and processes sugar cane, a giant tropical grass. Certain northern and western states produce and process sugar beets, a temperate root crop. In both cane and beet areas, mills or factories, as well as farms and fields, are required.

Cane and beets are too bulky for long-distance hauling so mills usually are located near producing areas. With both cane and beets, sugar-containing juices must be extracted to some degree color and impurities must be removed, water boiled off and solids or crystals formed and removed. Juice is removed from beets by a diffusion process; it passes by osmosis from plant cells to the thinner surrounding fluid product. Juice is squeezed out of cane stalks by shredders, and crushers. Processing of cane juice may be halted at any one of several stages, resulting in various grades of sugar. About 95 percent of Florida's raw sugar is shipped to Savannah, Georgia, for refining.

Differences in tonnage of the raw material, content of source, efficiency of extraction, and efficiency of recovery all affect per acre yields of final sugar. Yields of sugar in short tons, raw value, per harvested acre for domestic producing areas in 1959 averaged as follows: Louisiana, 1.8; Florida, 3.8; Puerto Rico, 3.2; Hawaii, 8.8 (18 to 24 months); and Mainland

Beet Area, 2.6 tons.

Major by-products of the industry are molasses and pulp. The weight of the molasses is about one-fourth of the weight of the sugar recovered. Molasses is presently or potentially a competitive resource in production of feeds, rum, yeast, vinegar, solvent, plastics, rayon, synthetic rubber, antifreeze and fuel alcohol. Pressed beet pulp, equivalent to perhaps half the weight of the raw crop and containing 8 to 10 percent dry matter, is a valuable feed-stuff, and is often the basis for a diversified crop and livestock type of farming.

Because bagasse, the residue from sugar cane, is used as a fuel or industrial raw material (building board, paper, etc.) rather than as a feed and because cane is a perennial crop sugar cane areas tend to be specialized monocultures. In some countries, local and national revenues depend substantially upon cane sugar alone. In Florida, the commercial sugar industry is in a specialized area of winter vegetables and adds to the diversity of agriculture.

Shower In Honor Of Mrs. Glenda Padgett

The social hall of the Canal Point Methodist Sunday School building was the scene Friday night of a calling shower honoring Mrs. Dennis C. Padgett, who was Miss Glenda Mae Sears before her marriage.

Hostesses were Mrs. Earl Maxson, Mrs. J. P. Parker, Mrs. Donald Kepp, Mrs. Leonard Maxson, Mrs. R. T. Smith and Mrs. Osceola Upthegrove.

In the receiving line with the honoree were her mother, Mrs. Pope Sears, and her husband's mother, Mrs. Claude Padgett, Miss Betty Rae Gillis was at the guest book. The hostesses were assisted at the refreshments table by Miss Wynette Sheffield.

Rainbow Group In Spring Meeting

The Pahokee Order of Rainbow for Girls held their meeting for this spring, Monday evening with Miss Elizabeth Humphries, past Worthy Advisor, acting. It was announced the next meeting will be held in September.

The assembly was honored by the visit of the Lake area Supreme Deputy, Mrs. A. B. DeGraw of Belle Glade Assembly No. 1.

Reports were made by Miss Catherine Young of Fort Mayaca and Miss Elizabeth Humphries of Pahokee, who attended the Grand Assembly, June 18-21 in Jacksonville. They attended the Assembly with delegates from the Belle Glade Order.

Plans are being made for the Founder's Day picnic to be held July 8th in Belle Glade.

Miss Humphries was honored on June 11 in Miami by being awarded the Grand Cross of Colors, Order of Rainbow for Girls.

Kay Friend Honored At Luncheon

Mrs. Robert Apelgren, assisted by Mrs. L. L. Shirley and Mrs. Jas. G. Thomas, Jr., are to be hostesses at a bridesmaids' luncheon at her home on Bacom Point Road today in honor of Miss Kay Friend, bride-elect of Richard P. Karbley, Jr.

The Apelgren home is to be beautifully decorated for the occasion with various floral arrangements. Places for twelve guests and the color theme of blue and white is to be carried out in the chimer service and in the small center pieces of plumbago flowers sprinkled with ivy.

Guests include Miss Kay Friend, Miss Cindy Friend, Miss Jeanine

Mock, Miss Merry Ann Friend, Miss Betsy Mashop, Miss Jill McDwain, Mrs. D. A. Welker, Mrs. John Starling, Mrs. Richard Karbley, Sr., and Mrs. Lewis Friend.

Miss Friend will be presented a gift by the hostesses.

AT KINGS FERRY, N. Y.

Mr. and Mrs. Edmond Thomas and daughter, Susanne, of Canal Point, are spending the summer in Kings Ferry, New York, where he is sales manager for a produce company. Enroute they visited relatives in Lakeland and Asheville, North Carolina.

Mr. and Mrs. Jack Bush and children returned Saturday to their home in Pahokee from Jupiter, where they were the guests of her brother-in-law and sister, Mr. and Mrs. Buford Justice.

SALUTE TO FLORIDA COUNTIES • DADE

COUNTY SEAT MIAMI

World famous Dade County, with its fabulous Miami Beach, is Florida's most cosmopolitan area.

Tourism and tourist attractions represent the main source of income, however, diversified industry, commercial fishing, and farming contribute heavily to the economy of the area.

Dade County was formed in 1836 and named for Major Francis L. Dade, who was massacred at the beginning of the Second Seminole War. Once Seminole Indian territory, many of the county's names are Indian in origin.

In progressive Dade County, and throughout Florida, the United States Brewers Association works constantly to maintain the sale of beer and ale under pleasant, orderly conditions. Believing that strict law enforcement serves the best interest of the people of Florida, the Association stresses close cooperation with the Armed Forces, law enforcement and governing officials.
